

# Vitrectomy Retinal detachment set\*

HASA OPTIX  
Belgium

SCISSORS

SPECULUM

FORCEPS

SCLERAL IDENTOR

**Tailor-made :** Build your own instrument set from a portfolio of 1200 instruments which allows surgeons to prepare ahead of time for success

**Simplify :** Reduce number of SKU's which contributes to a better work environment for all stakeholders

**Constant quality :** HASA Optix offers a quality equivalent to reusable devices allowing surgeons to use them constantly

**Environmentally friendly :** Instrument sets are presented in a paper pouch avoiding heavy plastic inserts (only one pack and one sterilization)

**Circular economy :** We are building a recycling program to give a second life to the stainless steel our instruments are made of

**Cost controlling :** We are offering integrated solutions to allow the circulation of a fixed cost per surgical act

\*Customize your set according to your own preferences from a 1200 instrument range or keep the Hasa's individual packed on the side in case you need it at the last moment

Cataract

Cornea
